Career and College Promise Program College Transfer – Science Pathway in Teacher Preparation

The Bladen Community College Career and College Promise Program provides seamless dual enrollment educational opportunities to qualifying high school juniors and seniors. The Career and College Promise Program allows high school students the opportunity to pursue a high school diploma while concurrently progressing towards earning a postsecondary academic credential including a certificate, diploma, or degree. Such credentials will grant students the essential academic training to pursue college transfer interests and entry-level employment opportunities. The CCP College Transfer Pathway Leading to the Associate in Science in Teacher Preparation is designed for high school students who wish to begin study toward the Associate in Science in Teacher Preparation degree and a baccalaureate degree in teaching in a STEM or technical major.

Students interested in participating in one of the College Transfer Pathways must meet the following criteria:

- (1) Be a high school junior or senior,
- (2) Have an **unweighted** high school grade point average of 2.8 or higher, **OR**
- (3) Demonstrate college readiness in English, reading and mathematics (**See Attachment A for test scores**):
 - a. PSAT
 - b. SAT
 - c. Pre-ACT
 - d. ACT
 - e. NC DAP
 - f. RISE Placement Test
 - g. Advanced Placement (AP)
 - h. International Baccalaureate (IB)
 - i. Cambridge International Exams

Career and College Promise participants will earn both high school and college credit. The North Carolina Department of Public Instruction will determine the number of high school units to be awarded to students for successful completion of college courses. Awarded high school credits will be counted as elective credits and cannot be used to fulfill a required high school course requirement.

All courses listed in the various College Transfer Pathways are listed in the Comprehensive Articulation Agreement; therefore, such courses will transfer to any of the 16 colleges in the University of North Carolina College System and many private colleges. Transferability of courses is contingent upon the student earning a grade of “C” or better in each course.

Career and College Promise Program participants are not required to pay tuition for courses identified in their approved College Transfer Pathway. High school students in the CCP Science in Teacher Preparation Pathway must complete the entire pathway before taking additional courses in the Associate in Science in Teacher Preparation (A1040T) program. Career and College Promise participants are required to maintain at least a 2.0 grade point average on college course work after the completion of two college level courses.

ACCREDITATION: Bladen Community College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award associate degrees, diplomas, and certificates. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404.679.4500 for questions about the accreditation of Bladen Community College.
