

Bladen Community College Job Placement

Bladen Community College students can take career assessments, browse career information, and browse programs of study through the College's access to [NC Careers.org](https://www.nccareers.org). Academic advisors and student Success instructors are available to assist students in matching their career interests with the appropriate programs of study the College offers.

Bladen Community College Placement in Employment after Graduation

Bladen Community College does not advertise job placement rates as a means of student recruitment and is not currently required to provide data relative to job placement rates and placement in employment for students' completing programs of study at the College. Information on students employed who were enrolled and completed programs of study at community colleges and public universities is available at [NCTower.com](https://www.nctower.com).
